

Feeding Kids is Challenging...

NUTRIKIDS offers affordable, innovative solutions that can help.

Point of Sale

The **NUTRIKIDS POS** System brings a new level of simplicity to your school meal program. Our cashier-friendly design minimizes the learning curve for your staff and allows sales to be processed faster. Back at the office you'll be able to view sales information from all your serving stations with just a click of a mouse.

FEATURES

- ★ Customizable item menu screens
- ★ Flexible reporting options
- ★ Centralized database
- ★ Easy to learn

BENEFITS

- ★ Serving stations work even if network goes down
- ★ Update student info for serving stations from your desk
- ★ Prevents overclaiming of meals

SIF Certified

FREE & REDUCED

MyNutrikids.com

MyNutrikids.com® is a secure, family-friendly system for online prepayments and nutrition education that integrates with your NUTRIKIDS software. The MyKids feature lets parents make prepayments to their children's school meal accounts and track item purchases. MyTray and MyNutrition help inform both children and parents about good nutrition. Your district already provides healthy meals for children. MyNutrikids.com helps make sure administrators, children and parents know it!

FEATURES

- ★ Secure prepayments online via credit/debit card or Paypal account 24/7
- ★ Item purchase history online
- ★ Integrates with your NUTRIKIDS software

BENEFITS

- ★ Reduced cash handling
- ★ Fewer parent account inquiries
- ★ Increased serving line speed
- ★ Turn your cafeteria into a hands-on nutrition education classroom

MYKIDS MYTRAY MYNUTRITION

Menu Planning

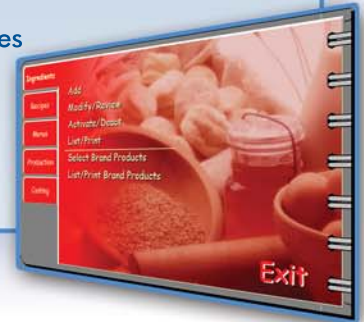

Recognized as the industry leader, **NUTRIKIDS Nutritional Analysis & Menu Planning** Software is used in over 8,000 school districts. Preloaded with the latest Child Nutrition Database, thousands of ingredients and all of the USDA Recipes. We provide you with the tools you need to comply with USDA regulations, Dietary Guidelines and your district's Wellness Policy.

FEATURES

- ★ Size and scale recipes
- ★ Preloaded with HACCPs and SOPs
- ★ Add allergen notices to recipes
- ★ Multi-user version available

BENEFITS

- ★ Simplify SMI and CRE review process
- ★ Save time creating and analyzing recipes
- ★ Communicate menus and nutrient information to parents, students, and the entire community

COSTING PRODUCTION

Inventory

NUTRIKIDS Perpetual Inventory streamlines your food service operation, helps you take control, and maintain accountability over all your inventory procedures. Tracking inventory receipts, withdrawals, transfers, and physical inventory counts is just the beginning. This full featured program takes you through the entire process from the bidding and purchasing steps right through to the warehouse.

FEATURES

- ★ Complete item history
- ★ Vendor analysis report to help in preparation for bid
- ★ Manage inventory daily at each school site

BENEFITS

- ★ Cut inventory costs through better tracking
- ★ Eliminate overstocking at sites
- ★ Centralized reporting
